

Explanation of Important Matters Concerning Provided Services

This document has been created to explain services in accordance with the stipulations of Article 26 (Consumer Protection Rules) of the Telecommunications Business Act.

Important matters related to contract contents are explained herein. Please be sure to read it carefully before applying.

1. Contents of the Provided Service (Telecommunications Services)

Item	Details
Name	Asahi Net WiMAX 2+
Type	Mobile connection service (BWA access service)
Approximate maximum communication speed	WiMAX2+: 220Mbps (download), 10Mbps (upload) WiMAX: 13.3Mbps (download), 10.2Mbps (upload) LTE: 37.5Mbps (download), 12.5Mbps (upload)
Communication quality	The approximate maximum communication speeds listed are the maximum according to technical standards, and are not the effective speeds. It is possible for connection speeds to decrease significantly due to your communication environment, network congestion, etc.
Locations where services are available	Services are available in areas with WiMAX 2+, WiMAX, and au 4G LTE networks. Even within the service area, there may be places that are difficult for the signal to reach (e.g., indoors, inside vehicles, underground, in tunnels, in the shadow of buildings, in mountainous areas). In such locations it is possible that no signal will be available or that there will be a decrease in communication speed. Even in some high-rise buildings or apartment complexes, etc., with an unobstructed view, it may not be possible to use the service.
Restrictions related to emergency notifications	—
Services to filter content harmful to young people	—

<p>Other restrictions on use</p>	<p>■ Traffic Volume Regulation</p> <p>(1) If the total amount of traffic using WiMAX 2+ and LTE exceeds 7GB in a month, the communication speed will be restricted until the end of that month. The restriction on communication will be lifted on the 1st of the following month.</p> <p>(2) However, in either of the following cases, the service can be used without the communication volume from use of WiMAX 2+ in High-Speed Mode being included in the aforementioned 7GB.</p> <ul style="list-style-type: none"> - A contract has been concluded for the WiMAX 2+ service under the unlimited data plan. However, speeds may be restricted due to network congestion in the service area. <p>* Please note that, notwithstanding the above, if use in High-Speed Plus Area Mode exceeds 7 GB in a month, the communication speed including use of WiMAX 2+ in High-Speed Mode will be limited until the end of that month.</p> <p>(3) To avoid network congestion, if the total amount of traffic with WiMAX 2+ and LTE has exceeded 3 GB over the three most recent days, a limit will be placed on the WiMAX 2+ and LTE communication speed until the following day.</p> <p>(4) At the time an Internet connection is provided, a private IP address or a global IP address will be allocated dynamically.</p> <p>(5) To help maintain service quality and also for the maintenance of equipment, it is possible that customers who have been connected for 24 consecutive hours or more will have their connections terminated.</p> <ul style="list-style-type: none"> - To ensure communication quality and fair allocation of the network, some customers who send or receive a large amount of data during a set period of time may have limits placed on communication speed. - To ensure the security of communication, Asahi Net may regulate communication ports for the customer's IP address.

(4) Dialup connections

Dialup connections are not available.

3. Conditions, etc., for withdrawing applications/changing contracts

- Applications can be withdrawn by phone if the product has not been shipped. A cancellation charge will not be billed in such cases.
- Once the product has been shipped, the application cannot be withdrawn. In such cases, it is necessary to perform the stipulated procedures, and an additional charge for cancellation may be incurred.
- The contract period for the Unlimited Data Plan and the Fixed Data Plan is 2 years (25 months), with the month following the month in which service was started (*1) constituting the first month. If cancellation of the contract is not requested in the contract renewal month (*2), the contract will be renewed automatically for another 2 years.
- On the 25th day of the month preceding the contract renewal month you will be sent a “contract renewal notice” email to your “@asahi-net.or.jp” email address.
- If the contract is canceled during the contract period (excluding the contract renewal month), a penalty will be charged separately. If the cancellation is requested before the end of the 12th month (with the month following the month in which service was started constituting the first month), a 19,000 yen penalty will be charged. If the cancellation is requested between the 13th month and 24th month, a 14,000 yen penalty will be charged. If the cancellation is requested during the contract renewal month (the 25th month), no penalty will be charged. After that, a 9,500 yen penalty will be charged.
- Data plan changes

Changes to data plans will take effect beginning the following month. (However, when applying on the last day of the month between 9:30 PM and 11:59 PM, it is possible that the change will take effect beginning the month after the following month.)

There are no additional charges for changing data plans.

The contract period and campaign details will continue to be in effect even after the plan has been changed.

*1 The service opening month is either the month that includes the date on which the data communication device purchased from Asahi Net is used to make the first Internet connection or the month that includes the 10th day after the date the data communication device is shipped, whichever is earlier.

*2 No cancellation penalty will be charged if the cancellation is requested the contract renewal month. The first contract renewal month is the 25th month, with the month following the month in which service was started constituting the first month. Beginning with the second year, the preceding contract renewal month becomes the 1st month and the 25th month becomes the contract renewal month.

●Example: Apply on 10th January, device shipped on 11th January.

4. The Initial Contract cancellation System

An initial contract cancellation period applies to the telecommunications services stipulated in this contract.

- The contract can be cancelled in writing within 8 days following reception of the notification of contract details. It will take effect at the time the documentation is submitted.
- In such cases, you (1) will not be billed for damages or for a penalty charge, etc. (2) However, you will be billed for telecommunications services, administrative fees, and installation fees for services received from the time the contract was concluded to the date on which the contract was canceled. The amount for (2) will be the amount indicated in this document plus the cost of any additional installation work you have requested. (3) Further, if Asahi Net has received any payment, etc., from you in relation to the contract, that amount will be returned to you (excluding amount billed in accordance with (2) above).
