

Asahi Net LTE Agreement Table showing major points of revised and previous versions (revision taking effect as of April 24, 2026)

Revised		Previous
<p><u>(12) JAPAN Roaming™ is a feature using another telecommunications carrier's telecommunications facilities to ensure communications in case of emergency. JAPAN Roaming™ is a trademark of Telecommunications Carriers Association (TCA).</u></p>	(Added)	
<p><u>6. Members could use JAPAN Roaming™ when it is provided by other telecommunications carriers. Please note that Members are deemed to have accepted the following conditions in advance regarding emergency calls using JAPAN Roaming™.</u></p> <p><u>(1) The IMSI number, instead of the membership identification number, may be sent to emergency call-related organizations.</u></p> <p><u>(2) The membership identification number or IMSI number may be sent to emergency call-related organizations even if the Member dials the 184 prefix (caller ID blocking) before the call.</u></p> <p><u>(3) Members may be unable to complete emergency calls if the 184 or 186 (caller ID display) prefix is dialed.</u></p>	(Added)
