

Explanation of Important Matters Concerning Provided Services

This document has been created to explain services in accordance with the stipulations of Article 26 (Consumer Protection Rules) of the Telecommunications Business Act.

Important matters related to contract contents are explained herein. Please be sure to read it carefully before applying.

1. Contents of the Provided Service (Telecommunications Services)

Item	Details
Name	AsahiNet LTE (ANSIM)
Type	Mobile Connection Service (MVNO service)
Approximate maximum communication speed	LTE connections: Max. download 262.5Mbps, max. upload 50Mbps. 3G connections: Max. download 14Mbps, max. upload 5.7Mbps. * With the 128 k plan, the maximum speed is 128 kbps, regardless of the transmission method.
Communication quality	The approximate maximum communication speeds listed are the maximum according to technical standards. It is possible for connection speeds to decrease significantly due to your communication environment, network congestion, etc.
Locations where services are available	Available in NTT docomo's "Xi" areas and FOMA areas. International roaming is not supported. * Even within the service area, there may be places that are difficult for the signal to reach, making it impossible to use the service, such as the following. (1: Tunnels, underground, etc.; 2: Indoors, upper floors of high-rise buildings and apartment buildings, etc.)
Restrictions related to emergency notifications	If a voice SIM card is used, emergency calls (110 for police, 118 for the Coast Guard, and 119 for the fire department) can be made. However, in the event of a power outage, there are some facilities, etc., where the telephone function will not be available in an area, in whole or in part. In such cases, try going outside or somewhere else where a signal can be found.
Services to filter content harmful to young people	If the service is to be used by persons younger than 18 years old, we recommend the use of a filtering service with a function that selectively eliminates illegal or harmful websites, etc.
Other restrictions on use	<ul style="list-style-type: none"> ■ Communication limitations for each plan - With the 3 Giga Plan and the 7 Giga Plan, the service can be used with communication speeds of up to 262.5 Mbps until the monthly traffic reaches
