6. Other

<Provision of the service>

- To use the FLET'S Hikari Cross Course, a contract with NTT East/NTT West (hereinafter referred to as NTT) for FLET'S Hikari Cross line (or equivalent) is required. Also, a rental router which supports the FLET'S Hikari Cross provided by NTT is required.
- This service is used for: IPv6 (IPoE) connection and IPv4 over IPv6 (DS-Lite). The connection setting information will be delivered by Asahi Net, and therefore you are not required to configure settings. After the application has been completed, please wait on the day you desire to start the service by connecting the FLET'S Hikari Cross supported rental router to the fiber-optics and by turning the switch on. To know more about the steps to start using the service, please refer to the following setup guide.
- Setup Guide: IPv6 Connection Feature
- This service may not be used with the Fixed IP Address Option and the Pre-Allocation of Fixed IP Address.
- Due to its specification, this service cannot be provided with IP-Phone-C option service.
- If you are already using Asahi Net and completed the change to this course, it will not be possible to revert to the present status of the course used before the change.

< IPv6 Connection Feature>

- FLET'S Hikari Cross requires the IPv6 Connection Feature. After receiving your application for the service, Asahi Net will process your request for the use of IPv6 Connection Feature.
- To start using IPv6 Connection Feature, we need customer's personal information (user identification) registered at NTT. We request your authorization for Asahi Net to send your personal information (user identification) to NTT to process registration for you to start using IPv6 connection.
