

Explanation of Important Matters Concerning Provided Services

This document has been created to explain services in accordance with the stipulations of Article 26 (Consumer Protection Rules) of the Telecommunications Business Act.

Important matters related to contract contents are explained herein. Please be sure to read it carefully before applying.

Upon use of the Service, *Asahi Net Individual Member Service Agreement*, *Prohibited Behaviour, Handling of Personal Information*, and *Asahi Net WiMAX 2+ Agreement* shall be applied. Please read and consent to these Agreements before application.

For details of each agreement and policy, please refer to the following webpages.

1. Contents of the Provided Service (Telecommunications Services)

Item	Details
Name	Asahi Net WiMAX 2+
Type	Mobile connection service (BWA access service)
Approximate maximum communication speed*	WiMAX2+: 440Mbps (download), 10Mbps (upload) WiMAX: 13.3Mbps (download), 10.2Mbps (upload) LTE: 37.5Mbps (download), 12.5Mbps (upload)
Communication quality	The approximate maximum communication speeds listed are the maximum according to technical standards, and are not the effective speeds. It is possible for connection speeds to decrease significantly due to your communication environment, network congestion, etc.
Locations where services are available	Services are available in areas with WiMAX 2+, WiMAX, and au 4G LTE networks. Even within the service area, there may be places that are difficult for the signal to reach (e.g., indoors, inside vehicles, underground, in tunnels, in the shadow of buildings, in mountainous areas). In such locations it is possible that no signal will be available or that there will be a decrease in communication speed. Even in some high-rise buildings or apartment complexes, etc., with an unobstructed view, it may not be possible to use the service.

3. Conditions, etc., for withdrawing applications/changing contracts

- Applications can be withdrawn by phone if the product has not been shipped. A cancellation charge will not be billed in such cases.
- Once the product has been shipped, the application cannot be withdrawn. In such cases, it is necessary to perform the stipulated procedures, and an additional charge for cancellation may be incurred. (Initial contract cancellation is explained in later clause.)
- The contract period for the Unlimited Data with LTE Plan and the Fixed Data with LTE Plan is 3 years (37 months), with the month following the service opening month (*1) constituting the first month. If cancellation of the contract is not requested in the contract renewal period (*2), the contract will be renewed automatically for another 3 years.
- The contract period for the Unlimited Data Plan and the Fixed Data Plan is 2 years (25 months), with the month following the service opening month (*1) constituting the first month. If cancellation of the contract is not requested in the contract renewal period (*2), the contract will be renewed automatically for another 2 years.
- On the 25th day of the month preceding the contract renewal month you will be sent a "contract renewal notice" email to your "@asahi-net.or.jp" email address.
- If the contract is canceled during the contract period excluding the contract renewal period, a cancellation charge will be billed separately. (With the month following the service opening month constituting the first month, if the cancellation is requested before the end of the 12th month, a 19,000 yen cancellation charge will be billed; if the cancellation is requested between the 13th month and 24th month, a 14,000 yen cancellation charge will be billed; if the cancellation is requested in the 25th month and after a 9,500 yen cancellation charge will be billed. No cancellation charge will be billed for cancellation requested during the contract renewal period.)
- Change of Data plan
 - Changes to data plans will take effect beginning the following month. (However, data plan change of which application is made on the last day of the month between 9:30 p.m. to 11:59 p.m., there may be cases where change will take effect from the month after the following month.)
 - Once the data plan is changed to Unlimited Data with LTE Plan or Fixed Data with LTE Plan, it cannot be changed to Unlimited Data Plan or Fixed Data Plan.
 - There are no additional charges for changing data plans.
 - The campaign details will continue to be in effect even after the data plan has been changed.
 - When the data plan is changed in such way as described below, the contract period counting from the start of the contract will not be carried over. The contract period will be reset to a 36-month contract, counting the month following the month in which application for data plan change has been made as the first month of the contract.
 - When Unlimited Data Plan is changed to Unlimited Data with LTE Plan or Fixed Data with LTE Plan.
 - When Fixed Data Plan is changed to Unlimited Data with LTE Plan or Fixed Data with LTE Plan.

- When the data plan is changed in such way as described below, the contract period counting from the start of the contract will be carried over and the contract period will not change.
 - When Unlimited Data Plan is changed to Fixed Data Plan.
 - When Fixed Data Plan is changed to Unlimited Data Plan.

*1 The service opening month is either the month that includes the date on which the data communication device purchased from Asahi Net is used to make the first Internet connection or the month that includes the 10th day after the date the data communication device is shipped, whichever is earlier.

*2 The contract renewal period is the period in which contract can be cancelled without cancellation charges.

- For plans with three-year contract term (Unlimited Data with LTE Plan, Fixed Data with LTE Plan), the contract renewal period is the 37th month with the month following the service opening month constituting the first month, and beginning with the third year and after, the contract renewal period is the 37th month with the preceding contract renewal period constituting the first month.

- For plans with two-year contract term (Unlimited Data Plan, Fixed Data Plan), the contract renewal period is the 25th month with the month following the service opening month constituting the first month, and beginning with the second year and after, the contract renewal period is the 25th month with the preceding contract renewal period constituting the first month.

● Plans with three-year contract term (e.g. If applied on Jan. 10, and device is shipped on Jan. 11.)

4. The Initial Contract cancellation System

An initial contract cancellation period applies to the telecommunications services stipulated in this contract.

- The contract can be cancelled in writing within 8 days following reception of the notification of contract details. It will take effect at the time the documentation is submitted.
- In such cases, you (1) will not be billed for damages or for a penalty charge, etc. (2) However, you will be billed for telecommunications services, administrative fees, and installation fees for services received from the time the contract was concluded to the date on which the contract was canceled. The amount for (2) will be the amount indicated in this document plus the cost of any additional installation work you have requested. (3) Further, if Asahi Net has received any payment, etc., from you in relation to the contract, that amount will be returned to you (excluding amount billed in accordance with (2) above).

6. Other

<Provision of services>

- In order to provide services in a fair manner, Asahi Net reserves the right to deny applications in the event that multiple applications are received from the same individual or address.
- In a month a High-Speed Plus Area Mode communication is used with a compatible device, an additional LTE option charge of 1,005 yen/month will be charged.
- Should you be already using Asahi Net and complete the change to this Course, it will not be possible to revert to the present status of the Course used before the change.

<Charges>

- Even if you change your course or cancel your membership during the period of receiving any campaigns or other benefits, a full monthly usage charge and any other charges incurred from the use of any optional services will be billed.
- Should you be already using Asahi Net and change to this course, the monthly usage charge for the month in which the course is changed will be for the course in use before the course is changed.
- If the service is cancelled in the opening month, cancellation charge, initial setup charge and charge equivalent for price of data communication device will be billed separately.

<Upgrading from Asahi Mobile WiMAX to WiMAX 2+>

- Procedures to cancel the contract are conducted at the end of the month on the service opening date (*) of Asahi Net WiMAX 2+, and the service cannot be used beginning the following month.
- Please note that the fixed IP address used with Asahi Mobile WiMAX cannot be used with Asahi Net WiMAX 2+.
- Customers who apply for an upgrade to Asahi Net WiMAX 2+ will be given a discount of 680 yen (tax excluded) on the monthly usage charge for the Unlimited Data Plan. The discount will apply for a period of 24 months beginning the month after the month in which Asahi Net WiMAX 2+ service is started. The Fixed Data Plan is not eligible for this discount. However, if the plan is changed to the Unlimited Data Plan, the discount will be applied until the end of the original discount period.

<Out-of-box failure>

- The support period for out-of-box failure is 14 days.

<Contact points for support of devices>

- Please contact Asahi Net for technical support if it fails to work out of the box. Failure or malfunction of a device of which more than 15 days has passed since its delivery, will be serviced at au shop. Please bring the device, any accessories, warranty and proof of your identity with you when visiting the au shop.

* The service opening date is either the day on which the Asahi Net WiMAX 2+ data

communication device purchased from Asahi Net is used to make the first Internet connection or the 10th day after the date the data communication device is shipped, whichever is earlier.
